Friday Night Live:

Time Warp – The Church You Never Knew

Presented by Dave Myers:

A time warp is defined as “an imaginary distortion of space in relation to time whereby people or objects of one period can be moved to another.” Another definition reads, “An imaginary situation in which the past or future becomes the present.” In this Bible study for young adults we are going to transport a Church of God young adult from 1975 to see what he has to say about the Church of God today.
